Thursday, October 1, 2020	Saturday, October 3, 2020	B 5.5-7hr	7:00	2:30:00 PM
Cancelled due to Covid 19				

Rules

All liberations will take place in weather that will Pretoria to arrive, at least 1 hour before sundown. If strong head winds or high temperatures are expected, the 2020 season will only accommodate Training Baskets. R950.00 Per Training Basket. 198 Baskets are available. Each basket can accommodate 22 birds comfortably. However should the basket contain more than 22 birds, we will not load such a basket.

The directors and management team of Odra will be the transporter where to attempt the Race-liberation. The final decision to liberate will depend on weather conditions experienced at the liberation site by the transporter. The transporter should report his findings to the race secretary and transport manager to instruct the transporter what action to take.

This final and actual liberation site will be communicated to members by SMS as soon as possible after the race. All birds will be liberated simultaneously.

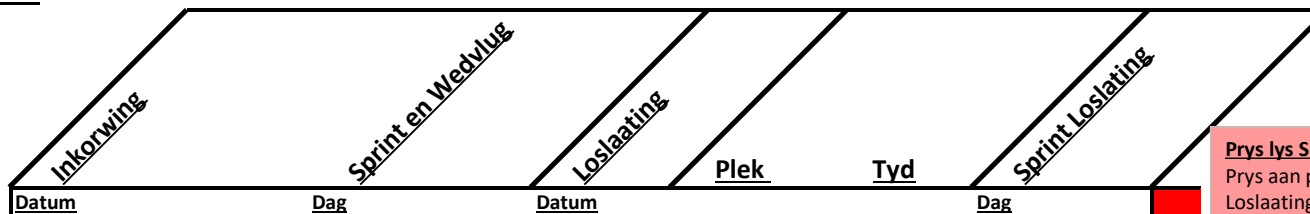

To ensure that Covid 19 Safety regulations are followed, the different facilities will be allowed without supervision. Only one person should be allowed to basket his own birds. Should there be 2 or more scanners they must be 2 meters apart.

A distant supervisor could assist with linking time to scanner, but should always remain at a safe distance. When basketing their birds, preferably the supervisor should wear a glass or Perspex screen.

All fanciers on the basketing facilities grounds or at the race site must wear a face mask/shield covering both nose and mouth. Live results for the weekend will be visible on the race website. Final results will be available once the race is completed.
